

DO IT YOURSELF EAVES TROUGH CLEANER

INVENTOR: OTTO SCHMIDT

DESCRIPTION SUMMARY & VISUAL DISPLAY

This particular eaves trough can extend its reach by 200% compared to the normal existing troughs available in the market. Thus it reduces time and work involved in the task. The users can perform cleaning without dirtying their hands and clothes while reducing danger elements around the environment. This innovation only requires a few parts to manufacture and so it is economically effective.
